

PRESS RELEASE

FOR IMMEDIATE RELEASE

3SI Security Systems and Wren Solutions Welcome Matt Kushner as Chief Executive Officer

Malvern, PA and Jefferson City, MO, October 25, 2023 –

3SI Security Systems and Wren Solutions are pleased to announce the appointment of Matt Kushner as Chief Executive Officer. The announcement comes on the heels of the merger between 3SI and Wren earlier this year.

"I feel privileged to lead these remarkable organizations that are helping to create a safer world," Matt shared. "3SI and Wren have well-established reputations for protecting people, recovering assets, and preventing losses through innovative technologies and strong partnerships with law enforcement agencies. They recognize the importance of collaborating with those who confront crime in their communities daily and focus on providing purpose-built solutions to support the capture and successful prosecution of criminals, ultimately disrupting the cycle of crime."

Matt brings 35 years of experience as an accelerated growth and business transformation leader in the global health, safety, and security technology industries to his new role. Most recently, he served as the Global President of Stanley Security, where his visionary leadership was instrumental in driving the company to the forefront of the industry. Under Matt's guidance, Stanley Security underwent a transformative evolution, moving from a traditional integration security company to a cutting-edge customer experience and tech-driven enterprise with a strong focus on Security-as-a-Service (SaaS) solutions and the strategic utilization of data-driven insights.

"We are thrilled to welcome Matt Kushner as our new CEO," said Andrew Wren, President of Wren Solutions. "His extensive knowledge of the security industry, strategic vision, and exceptional leadership skills make him the ideal choice to lead 3SI and Wren into the future."

Keith Deaton, Chief Financial Officer, stated, "I can't think of a better fit to lead our combined business. His experience and unwavering dedication to innovation and excellence will transform the future of our companies."

Matt's appointment comes at an exciting time, as he will guide the strategic union of 3SI, Wren, and 3SI's CovertTrack division, allowing them to scale their operations, diversify their product portfolios, and leverage enhanced capabilities to drive new security innovation and deliver on their safer world mission.

"This dynamic organization possesses untapped potential to advance its mission of disrupting the cycle of crime," added Matt. "This can be accomplished with our dedicated teams and unwavering dedication to providing state-of-the-art security technology reinforced by strategic acquisitions. In this moment of time when criminal incidents are at unprecedented levels, we can and will contribute more significantly."

About 3SI Security Systems and Wren Solutions

With a combined 90 years of experience, 3SI and Wren are leading global security technology providers. Our offerings, encompassing GPS tracking and video analytics, empower law enforcement agencies to stop crime, leading to more than 18,000 arrests. Our services are trusted by financial institutions, retailers, and over 10,000 law enforcement partners. Furthermore, 3SI's **CovertTrack** division actively provides local and federal agencies with custom-built solutions for proactive crime prevention.
