HOW WREN SOLUTIONS HELPS PREVENT PUSHOUTS

1. Suspicious Activity

Would-be thief approaches closed checkout lane with hand-held shopping basket containing valuable merchandise.

2. Checklane Breakaway Device

Closed checkout lane is sealed off with Wren's CLD breakaway device.

3. Built-in Alarm

Once the clasp is separated, the Closed Lane Deterrent (CLD) emits a blaring alarm, indicating the lane has been breached.

4. Prosecution

The audible alarm notifies security and staff, deterring shoplifters and enabling potential apprehension and prosecution.
